RE: License No.: 0101-050811

Dear Dr. Abraham:

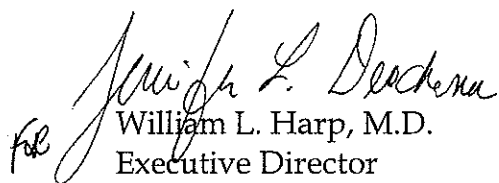

The Virginia Board of Medicine ("Board") has received verification from the State of New York Department of Health, that your probation was terminated effective May 25, 2008. However, the permanent restriction placed on your New York medical license, which prohibits you from practicing emergency medicine, remains in effect.

After careful consideration and review of the information provided, and pursuant to the authority granted by Term #3, I have determined that the terms placed on your license should be TERMINATED effective this date. However, the Board expects your continued compliance with the permanent restriction imposed on your New York medical license. The record of the Board currently reflects that you have a full and unrestricted license in the Commonwealth of Virginia.

Pursuant to §54.1-2400.2 (F) of the *Code of Virginia*, a signed copy of this letter shall remain in the custody of the Department of Health Professions as a public record, and shall be made available for public inspection and copying upon request.

The Board wishes you well in your future endeavors.

Sincerely,

William L. Harp, M.D.
